Wednesday & Thursday
June 11 - 12, 2014

2014 Joint Counselors Training

***WHEN:* June 11-12, 2014**

***WHERE:* Mayo Civic Center, Rochester, MN**

After last year's wonderful success of joining the MFIP/DWP and the Job Seeker Counselor Conference, we have decided to do it again! We will again be hosting a collaborative 2-day event. The program directors and coordinators of the affiliated programs at DEED and DHS have found that there is common ground between the topics and issues dealt with at both conferences.

This year's training, June 11-12, 2014, will again bring together counselors and similar professionals from multiple programs to keep everyone informed on state policies and local best practices. It also allows the opportunity to share, and learn from peers. We have tried to set up this training so that attendees can learn in a real-time, rich, and interactive atmosphere so that they may leave inspired and appreciated for the work that they do.

More details will follow in the next few weeks. We hope that you will mark your calendars and plan to join us!

Please, share this "Save the Date" notice with your colleagues and others who you feel would benefit from this learning opportunity.

Watch for further training and registration information to come!
