SSIS update

Social Services Information System

Issue 296
January 11, 2010

Version 5.3 pilot is underway

Aitkin and Olmsted Counties kicked off the V5.3 pilot on December 21. Both agencies have many custom templates, providing for an excellent piloting opportunity. The new document functionality in Version 5.3 applies only to agencies that created custom templates in SSIS and want those templates available in Version 5.5.

Staff in the pilot counties are still able to use custom templates in their current state in Version 5.3 while conversion-related work is in process. V5.3 includes two template editors – an editor for documents in their current state and an editor for conversion preparation.

Conversion preparation includes replacing the merge fields in templates with new standardized merge fields, and features such as check boxes with the equivalent HTML-based features.

Version 5.3 statewide implementation is planned for February 2010, followed by Version 5.5's statewide implementation later in Spring 2010.

Upload Update

The January 29 upload is for the NCANDS reporting period (last federal fiscal year: Oct. 1-Sept. 30).

Other due dates to note:

- Title IV-E Abstract Report due 1/20
- SEAGR due 1/29
- TCM CSR due 1/29

CountyLink Updates

- Worker mentor meeting minutes, 11/18/09
- MPAC meeting minutes, 12/15/09
- Implementation Memo #95: VA-CEP training
- Centralized Training Database calendar
- Placement-V5.2F training module

Fiscal Focus

Fiscal refresher webinar is February 10

Fiscal mentor meetings introduce mentors to new modules and SSIS features. As time passes, topics need review. Fiscal Mentor Coordinator Mary Klinghagen invites you to a February 10 refresher course using iLinc. iLinc is an online web tool that provides training at your workstation. Each participant will listen to and view the presentation and materials via the Internet.

The session is Wednesday, February 10 from 8:00–9:30 a.m. The topics covered will be:

- Chart of Accounts (COA)
- COA Maximums
- Business Organizations.

Details of each topic will be provided from a fiscal perspective – how a county fiscal staff person uses the SSIS application to search, enter and generate reports for each of these topics.

To register:

1. Log on to <https://minnesota.ilinc.com>.
2. Select Public sessions.
3. Check Fiscal Mentor Refresher – COA, COA Maximums, Business Organizations.
4. Click Register.
5. Complete Registration information.
6. Click Submit.

You will receive an e-mail with a link to information about the session including instructions for testing connectivity for the day of the meeting. This webinar format does not provide session handouts.

Fiscal Focus
