ICD-10 Diagnosis Codes and MMIS Service Agreement Letters

In preparation for ICD-10 Diagnosis code implementation on October 1, 2015, MMIS has resumed adding ICD-10 Diagnosis codes to MMIS Service Agreement letters.

The Service Agreement Begin and End dates determine which diagnosis codes display on the letters:

- When the Service Agreement End Date is on or before 09/30/2014, only ICD-9 Diagnosis codes display.
- When the Service Agreement End Date is on or after 10/01/2015, both ICD-9 and ICD-10 Diagnosis codes display.
- When the Service Agreement Begin Date is on or after 10/01/2015, only ICD-10 Diagnosis codes display.

As you receive Service Agreement letters with ICD-10 diagnosis codes, remember to enter them into SSIS.

The MMIS Service Agreement letters that contain ICD-9 and/or ICD-10 diagnosis codes are only available in the agency's MN-ITS mailbox by accessing the Miscellaneous Received folder under Mailbox and selecting File Type SAL:
