Refer to the [Client Placement Authorization \(CPA\)](#) for the following fields:

Box #42 – Reserve Fund Eligibility – Enter “E” if the local agency has determined that the client meets CCDTF entitlement standards above.

Box #44 – County Pay 100% - Enter “Y” if the county wants to use county funds to pay for the entire placement for an individual who does not meet these standards.

No state funds are available to pay for treatment for persons who do not meet these standards. Counties may place CCDTF ineligible clients only if the county enters an “O” in Box # 43, and “Y” in Box #44, agreeing to pay 100% of the placement costs. DHS will then bill the county 100% of the placement costs.

Enter “N” in Box #44 if the client is CCDTF eligible and the county does not want to pay 100% of the placement costs.

Client CCDTF Eligibility, Commercial Insurance and Prepaid Medical Assistance Program (PMAP)/MinnesotaCare Enrollment

As of the date of the Rule 25 assessment, determine the client’s CCDTF eligibility, including presence of a third party liability (TPL – commercial insurance). CCDTF eligible clients who have TPL paying less than 100% of the recommended treatment costs continue to be CCDTF eligible. Enter the information into an MMIS Service Agreement and into the corresponding TPL subsystem.

The CCDTF provider will first bill the TPL source and submit denials and record of payment to DHS. The most the CCDTF will pay is the difference - between the amount received from the TPL and the CCDTF authorized amount for dates of service provided.

Use MMIS or MN-ITS to determine if the client is enrolled in a Minnesota Pre-paid Health Plan, state contracted managed care organizations (MCO’s) are responsible for all chemical dependency (CD) treatment services for current enrollees. Counties providing assessment services for MCO enrolled clients must coordinate placement with the MCO. While MCO’s are not required to make placements at an IMD, the MCO is responsible for providing appropriate treatment services. As of the first of each month, CD treatment providers are responsible for determining the current status and changes in the

enrollment status of admitted clients and for contacting the new placing authority in a timely manner. **Hospital based inpatient service providers are no longer an exception to this procedure.**
