RE: DAANES diagnosis coding transitioning from DSM to ICD-10 codes on October 1, 2015

Purpose

The purpose of this e-Memo is to inform Rule 31 providers that DAANES will be transitioning to ICD-10 codes on October 1, 2015.

Of Concern To

- Rule 31 Providers

Contents

- Rule 25 assessment

Action Required

Transition to ICD-10 coding for DAANES reporting

Effective Date

October 1, 2015

~~~~~

On October 1, 2015, the Drug and Alcohol Abuse Normative Evaluation System (DAANES) will transition the SUD diagnostic codes reported on the discharge form from DSM to the ICD-10 codes. The codes are presented on page 15 of DHS Rule 25 Assessment documents (DHS- 5202-ENG) and are listed below. A Rule 25 assessment is also attached to the e-Memo. All information submitted on DAANES after September 30, will need to use the ICD-10 codes regardless, even if the discharge occurred prior to Oct 1.

The primary and secondary SUD diagnosis’s on the DAANES discharge record will have the same field location for batch uploading with a field length of 5 character with an implied decimal point. The DAANES ICD-10 coding values which the system will accept are:

**DAANES SUD ICD-10 Diagnosis Codes:**

| Diagnosis Code | Diagnosis Description                 |
|----------------|---------------------------------------|
| F1010          | Alcohol Use Disorder Mild             |
| F1020          | Alcohol Use Disorder Moderate/Severe  |
| F1210          | Cannabis Use Disorder Mild            |
| F1220          | Cannabis Use Disorder Moderate/Severe |

|       |                                                                           |
|-------|---------------------------------------------------------------------------|
| F1610 | Hallucinogen Use Disorder Mild                                            |
| F1620 | Hallucinogen Use Disorder Moderate/Severe                                 |
| F1810 | Inhalant Use Disorder Mild                                                |
| F1820 | Inhalant Use Disorder Moderate/Severe                                     |
| F1110 | Opioid Use Disorder Mild                                                  |
| F1120 | Opioid Use Disorder Moderate/Severe                                       |
| F1310 | Sedative/Hypnotic/Anxiolytic Use Disorder Mild                            |
| F1320 | Sedative/Hypnotic/Anxiolytic Use Disorder Moderate/Severe                 |
| F1410 | Stimulant Related Disorder (Cocaine) Mild                                 |
| F1420 | Stimulant Related Disorder (Cocaine) Moderate/Severe                      |
| F1510 | Stimulant Related Disorder (Amphetamine/Other Stimulants) Mild            |
| F1520 | Stimulant Related Disorder (Amphetamine/Other Stimulants) Moderate/Severe |
| F1910 | Other Substance Use Disorder Mild                                         |
| F1920 | Other Substance Use Disorder Moderate/Severe                              |
| Z7200 | Tobacco Use Disorder Mild - Only Secondary                                |
| F1720 | Tobacco Use Disorder Moderate/Severe - Only Secondary                     |
| 99999 | No Secondary Diagnosis                                                    |

**If there are any questions regarding DAANES transitioning to ICD-10 codes on October 1, 2015, please contact Carl Haerle@ [carl.haerle@state.mn.us](mailto:carl.haerle@state.mn.us) or (651) 431-2630.**
